**Portsmouth Families First Survey****Why is this important?**

The voices of children and families are central to our service improvement. By taking part, families help us create a system that is easy to navigate, responsive, and designed for everyone – whether they access support through schools, health services, early years, or community settings.

**What is Families First?**

This is a national reform programme led by the Department for Education. In Portsmouth we will be focusing on providing help earlier to keep children safely with their families, reducing handovers between services by developing a joined up 'Family Help' offer, co-producing solutions with families putting them at the heart of decisions and creating innovative care options for children we care for and care-experienced young people
